UNIVERSITY OF JAMMU

B. A. (Hons) PSYCHOLOGY

B.A. PSYCHOLOGY (HONS)

The B.A. (Hons) course in Psychology aims at developing an understanding of the growing discipline of psychology and promoting skill based education. An important goal of this course is to facilitate self-discovery in the students and ensure their enthusiastic and effective participation in responding to the needs and challenges of the contemporary world. The course intends to enable students in developing skills and competencies needed for meeting the challenges and needs of the real world effectively. Hence this syllabus is created keeping in mind the changing nature of the society, educational institutions and the workplace and inculcate the required skills in the students to understand and respond to the same efficiently and effectively.

Pedagogy for teaching the B.A. (Hons) Course in Psychology The teaching-learning of the course would be organized through lectures, tutorials, Practicals, presentations, workshops, seminars, experiential exercises, and hands on training. Students would be encouraged to develop an understanding of real life issues and participate in the programs and practices in the social context. Practicum is incorporated as an important component in many papers with hands on training in the use of various research methods such as laboratory experiments, field experiments, observation, psychological testing, survey, interview and case study. Use of ICT and mass media and web based sources (like documentaries, videos, films etc.) is highly recommended to make the teaching-learning process interactive, interesting and fruitful.
