P.G. DEPARTMENT OF PHILOSOPHY

Introduction

In common parlance Philosophy is the study of fundamental nature of Reality, Knowledge and Existence. This particular course includes a comprehensive study of Philosophy as a discipline at an advanced level. Precisely, it intends to inculcate a critical and systemic approach and its reliance on reasoned arguments to address general problems concerning matter, existence, knowledge, justice, duty, rule, truth and validity etc. Besides, the course also encompasses the traditional and contemporary aspects of Indian Philosophy, Western Philosophy, Ethics, Kashmir Shaivism and Logic. It aims to fathom new ideas and solution to the problems related to Religion, Society, Environment and Politics.

This course strengthens the basis for higher studies and research in the field. The course contents equip the students for qualifying NET-JRF and others exams in Philosophy. It intends to develop novelty and also renders critical, analytic and interpretative skills amongst the students. As the corollary, the discipline, if studied keenly, gives one an elevated life-world.
