36. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strength:

Locational advantage due to its connectivity with the adjoining states and ease of connectivity with Main Campus, University of Jammu so that students get benefited by interactions, attending Workshops, Seminars, Conferences and other development activities being organised at Main Campus. The campus also serves the clientele of adjoining states of Punjab and Himachal Pradesh in terms of its strategic location.

Weakness

Although the best of efforts is made by the Campus Administration to make available all the facilities for students, yet there is a lack of adequate physical Infrastructure as the Campus is operating in a rented accommodation near Kalibari, Kathua. This weakness which is essentially temporary in nature shall be overcome as the campus shall start operation in its own premises at village Janglote, where the Academic Administrative Blocks, Boys Hostels and Girls Hostel are coming up in 372 Kanals of Land.

Opportunities

1. Kathua Campus is coming up as the Technical Campus of University of Jammu, which is seeking attention of youth of the region, with potential to cater to the employability corners through skill development initiatives as well.
2. Campus is coming up with its own Buildings (Construction under Process) where the Campus shall be able to host other programmes in addition to existing programmes and

all the required facilities shall be made available to the students, faculty and staff.

3. Ministry of HRD has sanctioned the University Institute of Engineering and Technology (UIET) at Kathua Campus under RashtriyaUchchatarShikshaAbhiyan (RUSA). The UIET shall come up in 50-60 Kanals of land at Village Janglote, Kathua along with the other buildings. The B.Tech programmes shall be offered at UIET.

Challenges

1. Fund raising for self sustenance.
2. Aggressive Promotion and Marketing for attracting quality students.
37. Future plans of the department.
 1. Courses in collaboration with other Departments within University of Jammu: Two 3-months' Certificate Course in : a) Electrical Maintenance and Repairs and b) Automobile Maintenance and Repairs have been approved to be offered in Kathua Campus in collaboration with Department of Physics and Electronics, University of Jammu in the main Campus. These shall be announced in April/May 2016.
 2. Kathua Campus, University of Jammu is in process of starting Skill- Development Certificate Courses in collaboration with NASSCOM foundation and CONCENTRIX – A SYNTEX Corporation, Gurgaon.
 3. Kathua Campus, University of Jammu shall soon be shifted from present rented premises to its own buildings as soon as the construction works of the buildings (Academic Block, Boys hostel and Girls Hostel) is completed.
 4. Ministry of HRD has sanctioned the University Institute of Engineering and Technology (UIET) at Kathua Campus under RashtriyaUchchatarShikshaAbhiyan (RUSA). The UIET shall come up in 50-60 Kanals of land at Village Janglote, Kathua along with the other buildings.
 5. The programmes like B. Pharma, Five-Year integrated MBA and the various Engineering Programmes (B.Tech: Mechanical, Computer Sciences, Civil, Electrical and Electronics) shall be subsequently introduced for augmenting quality and technical education and research.

12. Faculty recharging strategies (UGC, ASC, Refresher / orientation programs, workshops, training programs and similar programs).

Training is must for imparting practical knowledge to the every member in educational institute in order to update their knowledge for advancement in their respective field.

Five days training programme was held at Regional Sericulture Research Station, CSB, Ministry of Textile, Govt. of India, Jammu for the practical guidance of teaching faculty under different scientists/experts of sericulture field.

Dr. Anil Dhar, Joint Director Regional Sericulture Research Station, CSB, Ministry of Textile, Govt. of India, Jammu delivered series of lectures by imparting recent advancement in the field of mulberry and Silkworm biology, genetics and breeding. The knowledge thus imparted was very useful for the faculty for the professional growth. Dr. M.K. Tayal, Scientist-C Regional Sericulture Research Station, CSB, Ministry of Textile, Govt. of India, Jammu also delivered a detailed lectures on silkworm rearing technologies and disease management. In his lectures he recalled upon the importance of chawki rearing and disinfection in the whole sericulture industry. Trainees also come to know about the different silkworm races, suitable for Jammu region.

13. Student projects

- percentage of students who have done in-house projects including inter-departmental projects

22. List the teaching methods adopted by the faculty for different programmes.

Power Point Presentation, Lectures, Seminars, Demonstrations, Field visits, Class discussions, quizzes, Project method.

23. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The Department regularly conducts short tests, objective type tests, discussions, interaction with the local farmers etc to ensure the thorough understanding of the subject by the students.

24. Highlight the participation of students and faculty in extension activities.

Various extension activities are being organized by the department from time to time in order to enrich the knowledge of the students and the farmers. Interaction of farmers of village Jhulass with students was also conducted in which students were able to share and express their ideas with the farmers.

One day farmer's meet-cum-exhibition was organized by the P.G Department of Sericulture, Poonch Campus. Farmers were quite influenced by the exhibition where they were made to understand the importance of new technologies and innovations. In the exhibition, students also presented their posters, models, flash cards etc. along with questionnaire which gave proper feedback to the students

25. Give details of "beyond syllabus scholarly activities" of the department.

The Department remain actively involved in different activities like:

1. Participated in fair cum exhibition being organised by District Industries Centre, Poonch and highlighted the achievements of the department.
 2. The students of the Department prepared various models of silkworm rearing houses, charts and flash cards to acquaint the local sericulture practicing farmers about the latest technologies in this field
26. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.
- Since Sericulture is a job oriented agro-based rural industry, the departmental faculty are trying their best to inculcate the entrepreneur skills among the students and locals.
27. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Challenges

- Inculcate enterprise culture among the local community especially the rural women to start their own business.
- To give scientific temper to this Agro-based rural industry in this far flung area.
- To increase enrolment of the people belonging to this border area in the programme.
- To develop a research laboratory.
- Collection, maintenance and conservation of mulberry and silkworm germplasm station.
- Sanctioning of staff.

Strengths

- The Jammu and Kashmir State is one of the traditional sericulture practicing states with its ideal climatic conditions for quality bivoltine cocoon production support for both mulberry and non-mulberry (temperate tasar).
- Sericulture, a traditional practice like Rearing, reeling and weaving has been a tradition since ages in the state.
- P.G Department of sericulture is in regular touch with the State Sericulture Department and Central Silk Board, which helps the traditional sericulture practicing farmers to boost their production. .
- Involvement of Rural women in this industry.

Weaknesses

- Shortage of space and other infrastructural facility for research laboratory.
- Department do not have its own germplasm station of mulberry and silkworm.
- Low level of industrialization- availability of farm/ labor.

Opportunities

- Increasing market demand for quality silk.
- To increase the average yield of cocoon from 35 kg to 50-60 kg of 100 DFLs in the state.
- Wide range of scope for the non-mulberry sericulture especially the oak tasar with its wild cultivation in the state of Jammu and Kashmir.

28. Future plans of the department.

The Department intends to introduce Research short term and long term job oriented courses as and when the infrastructure facilities are developed for introduction of such courses.
