Lecture 03

The Department as a part of the Ranganathan lecture series organized a lecture on “Emerging Trends & Technologies in Library and Information Services” in offline mode on **26th April, 2023**. Dr. Nabi Hasan, Librarian & Head Central Library, IIT Delhi was the resource person who delivered the talk to impart knowledge regarding emerging trends in the services of libraries. The program started with a welcome address by Professor Sangita Gupta, Head of the department, where she introduced the key speaker Dr. Nabi Hasan by highlighting his major accomplishments and introduced the key idea behind the conduct of such events in the department. Dr. Hasan introduced various changes that libraries are facing due to impact of ICT, changing patrons needs, and the use of disruptive technologies that are resulting in transition from Print to Digital. As a remedial plan for all these issues, Dr. Hasan explained various emerging technologies in Library and Information Services like Library Automation, IRs, Virtual/Digital Reference services, Web 2.0 and 3.0 based services and so on. The programme was attended by the teachers, alumni/library professionals, students and research scholars of the department. The programme proved to be informative, and helpful in keeping abreast of with new trends and technologies arising in libraries in order to enhance professional competence and skills and to engage in collaborative team-work. The programme received a lot of appreciation for the successful completion of the third lecture of the series from the faculty members, library professionals and the scholars.
