MESSAGE OF THE DEAN ACADEMIC AFFAIRS

As the Dean of the Academic affairs of the University of Jammu which is accredited as A$^+$, it is a great pleasure to welcome our new students. And it is also a great responsibility.

Education at University of Jammu & Kashmir affiliated Colleges is a joint process of discovery between the teacher and the taught, bringing with it the joy of revelation, and allowing undergraduate students to participate in the creation of knowledge, rather than being passive recipients.

With the implementation of the NEP 2020, the University is building an eco-system of knowledge to promote recognition of the inter-connectedness of ideas, systems, and environments in the world inside thecampus as well as in all its colleges.

The University has 66 UG programs offered across 65 affiliated Colleges and 7 University Departments that allow for an innovative curriculum with a variety of Major and Minor course combinations. It providesheterogeneous curricula, pedagogy, and assessment. All programs in the Undergraduate curriculum are structured to reflect the University's belief that multidisciplinary and trans-disciplinary thinking is the keyto new discoveries. Each program is anchored in Core Common Curriculum– a set of courses aimed to expose students to essential practice and knowledge. Students are required to take Electives to help them develop their knowledge in fields of interest that might lead to specialized choice of a Minor. DisciplinaryMajors help develop expertise in specific subjects. Research, Experiential and Skill Learning courses provide global perspectives, and experience in integrated research. Values, Ethics, Leadership and Serviceprovide the philosophical and moral bedrock for future achievement. Undergraduates will have theopportunity to pursue individual and group research projects with faculty members, creating the perfect mixof new ideas, and established expertise on each team engaged in a project, or a class engaged in learning.

The University of Jammu puts the student at the centre of everything it does; your experience and success here at University of Jammu & its affiliated Colleges is important to each and every member of staff who works here. Your arrival at university marks a new chapter in the story of your life. But this chapter is a bitdifferent. There is a big difference between school and university. The preceding years were largely writtenby others – your parents, guardians, families, teachers and the like. Now you will be the principal author ofthe new chapter in your life – you have the opportunity to determine the direction, the plot and the tempo ofyour story. I wish you every success, in your journey at the University of Jammu and I am confident that you will find it an immensely rewarding experience.
