

School of Biotechnology student Rohit Sharma, Member of University of Jammu PG Team, Wins Gold in Inter-College Volleyball Tournament

The Postgraduate (PG) Team of the University of Jammu clinched the Gold Medal in the Inter-College Volleyball Tournament, demonstrating outstanding teamwork, determination, and sporting excellence. **Rohit Sharma, an M.Sc. Microbiology student at the School of Biotechnology, University of Jammu,** was a member of the gold-medal-winning team. His achievement reflects the sporting talent and all-round development of students at the University.

A total of 63 teams from different colleges participated in the tournament. The University of Jammu PG Team remained unbeaten throughout the competition, winning all five matches with a 2–0 scoreline. The team defeated GDC Ramgarh, GDC RS Pura, and GDC Bhaderwah in the initial rounds, followed by GDC Samba in the semi-final and GMC Rajouri in the final to secure the championship. The accomplishment brings pride to the University of Jammu and the School of Biotechnology, highlighting the importance of promoting sports alongside academic pursuits.
