एमएसई खरीद वरीयता/MSE Purchase Preference

एमएसई खरीद वरीयता/MSE Purchase Preference	No
-------------------------------------------	----

एमआईआई खरीद वरीयता/MII Purchase Preference

एमआईआई खरीद वरीयता/MII Purchase Preference	No
--------------------------------------------	----

1. If the bidder is a Micro or Small Enterprise (MSE) as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Bidder Turnover" as defined above subject to meeting of quality and technical specifications. If the bidder itself is MSE OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover, shall upload the supporting documents to prove his eligibility for Relaxation.

2. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.

3. Experience Criteria: In respect of the filter applied for experience criteria, the Bidder or its OEM of the product offered in the bid {themselves or through reseller(s)} should have regularly, manufactured and supplied same or similar Category Products to any Central / State Govt Organization / PSU for number of Financial years as indicated above in the bid document before the bid opening date. Copies of relevant contracts and delivery acceptance certificates like CRAC to be submitted along with bid in support of having supplied some quantity during each of the Financial year. In case of bunch bids, the category of primary product having highest value should meet this criterion.

4. OEM Turn Over Criteria: The minimum average annual financial turnover of the OEM of the offered product during the last three years, ending on 31st March of the previous financial year, should be as indicated in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the OEM is less than 3 year old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.

5. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc. This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.

6. Past Performance: The Bidder or its OEM {themselves or through re-seller(s)} should have supplied same or similar Category Products for 50% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.

7. Reverse Auction would be conducted amongst first 50% of the technically qualified bidders arranged in the order of prices from lowest to highest. Number of sellers eligible for participating in RA would be rounded off to next higher integer value if number of technically qualified bidders is odd (e.g. if 7 bids are technically qualified, then RA will be conducted amongst L-1 to L-4). In case number of technically qualified bidders are 2 or 3, RA will be between all without any elimination. If Buyer has chosen to split the bid amongst N sellers, then minimum N sellers would be taken to RA round. In case Primary products of only one OEM are left in contention for participation in RA based on lowest 50% bidders qualifying for RA, the number of sellers qualifying for RA would be increased to get at least products of one more OEM (directly participated or through its reseller) if available. Further, if bid(s) of any seller(s) eligible for MSE preference is / are coming within price band of 15% of Non MSE L-1 or if bid of any seller(s) eligible for Make in India preference is / are coming within price band of 20% of non MII L-1, then such MSE / Make in India seller shall also be allowed to participate in the RA process.

क्रेता द्वारा जोड़ी गई बिड की विशेष शर्तें/**Buyer Added Bid Specific Terms and Conditions**

1. Generic

OPTION CLAUSE: The Purchaser reserves the right to increase or decrease the quantity to be ordered up to 25 percent of bid quantity at the time of placement of contract. The purchaser also reserves the right to increase the ordered quantity up to 25% of the contracted quantity during the currency of the contract at the contracted rates. The delivery period of quantity shall commence from the last date of original delivery order and in cases where option clause is exercised during the extended delivery period the additional time shall commence from the last date of extended delivery period. The additional delivery time shall be $(\text{Increased quantity} \div \text{Original quantity}) \times \text{Original delivery period (in days)}$, subject to minimum of 30 days. If the original delivery period is less than 30 days, the additional time equals the original delivery period. The Purchaser may extend this calculated delivery duration up to the original delivery period while exercising the option clause. Bidders must comply with these terms.

2. Buyer Added Bid Specific ATC

Buyer uploaded ATC document [Click here to view the file.](#)

3. Buyer Added Bid Specific ATC

Buyer Added text based ATC clauses

a.) In Notice Inviting Tender document, under terms and conditions clauses 11 and 13 can be read as:

Termination of Contract:-

The University reserves the right to terminate the contract in case of non-performance or delay in completion by the successful bidder, after seeking an explanation from the bidder. The University also reserves the right to reject the tender for breach of terms and conditions / insolvency or misrepresentation by the bidder and in such cases, the performance guarantee shall be forfeited.

Dispute Resolution shall be read as:-

13.1 Any dispute arising out of or in connection with this tender shall be resolved amicably between the parties.

13.2 Failing amicable resolution, the dispute shall be referred to Arbitration under the provisions of Arbitration and Conciliation Act, 1996 and the courts at Jammu shall have the exclusive jurisdiction to entertain the said dispute.

b.) Scanned copy of the EMD shall be uploaded by bidder in the online bid and hard copy of the same will have to be submitted directly to the Buyer within 5 working days of bid opening, failing which the bid may be treated as incomplete & may lead to rejection of the bid by buyer without making any reference to the seller.

c.) Bidder has to ensure the compliances as per the conditions set forth in the tender document.

अस्वीकरण/Disclaimer

The additional terms and conditions have been incorporated by the Buyer after approval of the Competent Authority in Buyer Organization, whereby Buyer organization is solely responsible for the impact of these clauses on the bidding process, its outcome, and consequences thereof including any eccentricity / restriction arising in the bidding process due to these ATCs and due to modification of technical specifications and / or terms and conditions governing the bid. If any clause(s) is / are incorporated by the Buyer regarding following, the bid and resultant contracts shall be treated as null and void and such bids may be cancelled by GeM at any stage of bidding process without any notice:-

1. Definition of Class I and Class II suppliers in the bid not in line with the extant Order / Office Memorandum issued by DPIIT in this regard.
2. Seeking EMD submission from bidder(s), including via Additional Terms & Conditions, in contravention to exemption provided to such sellers under GeM GTC.
3. Publishing Custom / BOQ bids for items for which regular GeM categories are available without any Category item bunched with it.
4. Creating BoQ bid for single item.
5. Mentioning specific Brand or Make or Model or Manufacturer or Dealer name.
6. Mandating submission of documents in physical form as a pre-requisite to qualify bidders.
7. Floating / creation of work contracts as Custom Bids in Services.
8. Seeking sample with bid or approval of samples during bid evaluation process. (However, in bids for attached categories, trials are allowed as per approved procurement policy of the buyer nodal Ministries)
9. Mandating foreign / international certifications even in case of existence of Indian Standards without specifying equivalent Indian Certification / standards.
10. Seeking experience from specific organization / department / institute only or from foreign / export experience.
11. Creating bid for items from irrelevant categories.
12. Incorporating any clause against the MSME policy and Preference to Make in India Policy.
13. Reference of conditions published on any external site or reference to external documents/clauses.
14. Asking for any Tender fee / Bid Participation fee / Auction fee in case of Bids / Forward Auction, as the case may be.
15. Buyer added ATC Clauses which are in contravention of clauses defined by buyer in system generated bid template as indicated above in the Bid Details section, EMD Detail, ePBG Detail and MII and MSE Purchase Preference sections of the bid, unless otherwise allowed by GeM GTC.
16. In a category based bid, adding additional items, through buyer added additional scope of work/ additional terms and conditions/or any other document. If buyer needs more items along with the main item, the same must be added through bunching category based items or by bunching custom catalogs or bunching a BoQ with the main category based item, the same must not be done through ATC or Scope of Work.

Further, if any seller has any objection/grievance against these additional clauses or otherwise on any aspect of this bid, they can raise their representation against the same by using the Representation window provided in the bid details field in Seller dashboard after logging in as a seller within 4 days of bid publication on GeM. Buyer is duty bound to reply to all such representations and would not be allowed to open bids if he fails to reply to such representations.

All GeM Sellers/Service Providers shall ensure full compliance with all applicable labour laws, including the provisions, rules, schemes and guidelines under the four Labour Codes i.e. the Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020 as and when notified and brought into force by the Government of India.

For all provisions of the Labour Codes that are pending operationalisation through rules, schemes or notifications, the corresponding provisions of the pre-existing labour enactments (such as The Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972, etc. and relevant State Rules) shall continue to remain applicable.

The Seller/ Service Providers shall, therefore, be responsible for ensuring compliance under:

- **All notified and enforceable provisions of the new Labour Codes as mentioned hereinabove; and**
- **All operative provisions of the erstwhile Labour Laws until their complete substitution.**

All obligations relating to wages, social security, safety, working conditions, industrial relations etc. and any other statutory requirements shall be strictly met by the Seller/ Service Provider. Any non-compliance shall constitute a breach of the contract and shall entitle the Buyer to take appropriate action in accordance with the contract and applicable law.

यह बिड सामान्य शर्तों के अंतर्गत भी शासित है /This Bid is also governed by the General Terms and Conditions

जेम की सामान्य शर्तों के खंड 26 के संदर्भ में भारत के साथ भूमि सीमा साझा करने वाले देश के बिडर से खरीद पर प्रतिबंध के संबंध में भारत के साथ भूमि सीमा साझा करने वाले देश का कोई भी बिडर इस नियिदा में बिड देने के लिए तभी पात्र होगा जब वह बिड देने वाला सक्षम प्राधिकारी के पास पंजीकृत हो। बिड में भाग लेते समय बिडर को इसका अनुपालन करना होगा और कोई भी गलत घोषणा किए जाने व इसका अनुपालन न करने पर अनुबंध को तत्काल समाप्त करने और कानून के अनुसार आगे की कानूनी कार्रवाई का आधार होगा।/In terms of GeM GTC clause 26 regarding Restrictions on procurement from a bidder of a country which shares a land border with India, any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority. While participating in bid, Bidder has to undertake compliance of this and any false declaration and non-compliance of this would be a ground for immediate termination of the contract and further legal action in accordance with the laws.

---धन्यवाद/Thank You---

14	Required hardware, Software and Licenses to manage proposed Infrastructure should be given from day 1.	Documentary Proof of not more than one page or undertaking on company's letter head.		
15	Bidder's Obligations Beyond Supply	Undertaking in bidder(s) letter head to ensure compliance as per clause 6 under GTC of tender documents.		

Note:

1. Micro and Small Enterprises (MSEs), are exempted from submission of Earnest Money Deposit (EMD) and Turnover, provided they submit a valid MSME/Udyam Registration Certificate issued by the competent authority, (**strictly subject to the condition** that the **scope of supply/services covered under this tender falls within the activities/products/services explicitly mentioned in the MSME/Udyam Registration Certificate**).

Annexure-A

Technical Specifications of various components of the project.

OEM/Bidder need to provide complete technical details of the offered components. Only mentioning YES / NO in the compliance is not acceptable. Cross references to proper technical datasheets / spec sheet / website links need to be provided against each parameter.

Active Components:

1. 48 Port Core Switch

S.No.	Parameters	Compliance
1	General Features	
1.1	Switch shall be 1U and rack mountable in standard 19" rack.	
1.2	Proposed switch should be enterprise grade switch with x86 based CPU architecture	
1.3	All the switches in this proposal shall have same OS for ease of integration and management.	
2	Port Density	
2.1	The switch should have minimum of 48 nos. 1/10/25G Gigabit Ethernet Ports and in addition 8 nos. of 40/100 Gig (Eight) Uplink Ports or higher The Switch should be populated with 12X10G LR,6X10G SR,6X1G Transmitter X1G LR,6X25G LR,8X40G LR or higher	
2.2	Uplink & Downlink Ports shall be populated with required module from day 1. Switch & Fiber modules shall be from the same OEM	
3	High Availability	
3.1	Switch shall have hot swappable 1:1 redundant power supply and redundant fan from day 1.

3.2	Switch shall support VSS or equivalent features allows links that are physically connected to two different switch to appear as a single port channel. All the cables/accessories for the this is to be provisioned from day 1.	
4	Switch Architecture & Performance	
4.1	Switching system shall have minimum 4 Tbps or higher of switching fabric and minimum 1Bpps of forwarding rate.	
4.2	Switch shall have 16 GB RAM and 32 GB Flash.	
4.3	Switching system shall have minimum 250K MAC Addresses and 1K VLANs.	
4.4	Switch should support minimum 18K ACLs or 18K host for security group, 100K Multicast Routes, 350K IPv4 Routes, 100K IPv6 Routes or higher	
4.5	Packet buffer : 32 MB or higher	
5	Layer 2 and Layer 3 Feature	
5.1	Should support IEEE Standards of Ethernet: IEEE 802.1D, 802.1s, 802.1w, 802.1x, 802.3ad, 802.1AE, 802.3x, 802.1p, 802.1Q, 1588v2(Boundary and transparent mode) from day 1	
5.2	Must support BGP, IS-IS, VRF, VXLAN, OSPF, Policy-Based Routing (PBR), PIM, and VRRP from Day 1	
6	Multicast Support	
6.1	MLD snooping and IGMP snooping v1, v2 and v3	
7	Quality of Service	
7.1	Shall have 802.1p class of service, marking, classification, policing and shaping. Should support strict priority queuing, PFC, ECN, WRED, Qdepth micro-sec monitoring.	
7.2	Eight egress queues per port	
8	Security Feature	
8.1	Should support MACSEC as per IEEE 802.1AE or VXLAN encapsulation on hardware from day 1	
8.2	Switch should support port security, DHCP snooping, Spanning tree root guard, group based segmentation, RAD

	Sec proxy.	
8.3	Should support 802.1x authentication and accounting, HTTPS web authentication, IPv4 and IPv6 ACLs and Dynamic VLAN assignment.	
8.4	During system boots, the system's software signatures should be checked for integrity. System should capable to understand that system OS are authentic and unmodified, it should have cryptographically signed images to provide assurance that the firmware & BIOS are authentic.	
9	Management	
9.1	Switch needs to have console port for administration & management, configuration session with timer based auto roll back, both aggregation and core switch should run same OS image.	
9.2	Switch should support Management using CLI, GUI using Web interface and should support management features like SSHv2, SNMPv2c, SNMPv3, TWAMP client and responder, IGMP.	
9.3	Switch should support comprehensive programmability features like Model-Driven Programmability, NETCONF/REST interface, API or equivalent.	
10	Certification	
10.1	Switch shall conform to UL 60950, IEC 60950, CSA 60950, EN 60950 Standards or latest standards	
10.2	Switch / Switch's Operating System should be tested for EAL2/NDPP/NDcPP or above under Common Criteria Certification.	
11	Warranty and Support for 5 years

2. 24 Port Distribution Switches

S.no.	Specification	Compliance Y/N
1	Switch should have min. 24 x 10/25 SFP ports and should have 4 nos. of 100G QSFP28 ports (with or without breakout). Should be populated with 24x 10G-SR, 12x 1G-T and 2x 100G-DR, 2x100G DAC 5Mtr on day-1.	
2	Switch should support with redundant hot swappable 1+1 power supplies and N+1 hot swappable Fans. Provided with 4 port rail-mounting kit.	
3	Switch should support min. throughput of 2 Tbps, 16GB RAM, Quad-core x86 CPU and 32GB Flash/SSD.	
4	Switch Should support modular software architecture that supports live patching and process fault isolation	
5	Switch should support up to 250K MAC address, per-vlan rapid spanning tree protocol, LACP, LLDP, 802.1Q VLANs, private VLAN, Storm Control, IGMP	
6	Switch should support Stack/MLAG/MC-LAG to provide active-active link redundancy to connected systems.	
7	SVI, L3 physical interface, static routing, L3 sub-interface, up to 100K Multicast routes, PIM-SSM, MSDP, PIM-Bidirectional.	
8	Switch should support, NAT, ISIS (IPv4 and IPv6), BGP, OSPFv3, BFD and capability to support up to 350K LPM IPv4 routes	
9	Switch should be capable of supporting VXLAN+EVPN including Tenant Routed multicast (TRM) Or Optimized Inter-subnet Multicast (OISM)	
10	Switch should support policy based forwarding for both Layer-2 and layer-3 traffic based on Source address (L2, L3 & L4), destination address (L2, L3 & L4), ether type, ip protocol, TCP flags, source interface, vlan, etc	
11	Should support WRED, audio video bridging, ECN

12	COS, DSCP, policing, Shaping, marking, 8 unicast queues per port, Priority Queuing, WRR/SWRR queuing	
13	Device should support hardware resource profiling for TCAM and address table hardware resources for efficient use in varying use cases.	
14	Switch Should support IPv4 and IPv6 ACL supporting L2, L3 and L4 fields for traffic filtering and QoS. Should support ACL with discontinuous mask.	
15	Should support Control plane protection, TACACS+, Role based access control, RADIUS, TLS 1.3, Radsec Proxy	
16	Device should protect against ARP and DHCP spoofing attacks for both IPv4 and IPv6	
17	Switch should support secure communication with Radius server over TLS, 802.1x and web authentication over HTTPS	
18	Device should support Configuration session with timer based auto rollback as a safeguard to manual errors.	
19	Switch should provide hardware based (TPM) cryptographic mechanism to only allow OEM signed OS images to boot.	
20	Switch should support filtered mirroring of production and control traffic to L3 remote destination over GRE for Security, Analytics and troubleshooting use cases.	
21	Should provide capability to network admin to view control plane traffic live on the admins's system using ssh and wireshark for in-depth troubleshooting.	
22	Should support SNMP v3, SSH, SCP, SFTP, NTP, DHCP server, Streaming telemetry, zero touch provisioning.	
23	Device should support defining custom CLI commands and modification of existing CLI command outputs not dependent on grep/awk/sed tools.	
24	Device should support Precision Time Protocol (PTP) protocol providing ability to the connected end systems in the LAN to synchronize clocks with sub-microsecond accuracy. Should support both Boundary and transparent PTP mode	

1. Guwahati 2. Dibrugarh 3. Silchar 4. Dhaka 5. Dhaka 6. Chittagong
 7. Patna 8. Patna 9. Patna 10. Patna 11. Patna 12. Patna 13. Chittagong

25	Switch should provide sub-millisecond level visibility into the queue usage of the interfaces providing visibility into micro-congestions.	
26	Device should support realtime logging of changes in the resource tables like MAC address table, ARP & ND table and route table for monitoring purpose that can be queried from CLI for monitoring and troubleshooting purpose.	
27	Switch should support open standards based remote management and monitoring with OpenConfig over gNMI/gRPC	
28	Should provide SDK to develop native apps. Device should provide capability to extend the functionality with support to install RPM/SWIX packages	
29	Switch should support flow tracking with IPFIX Export	
30	Switch should support TWAMP Client and responder,	
31	The Device should be provided with solution for its monitoring, provisioning and telemetry from the same device OEM providing device telemetry capture, zero-touch-deployment, time-series database view, traffic flow analytics, device alerts, configuration compliance, device PSIRT & BUG advisory, centralised device patching & upgrade, topology view, Configuration & change management, endpoint search, congestion monitoring, custom dashboards, device resource monitoring, MAC, ARP & Route tables view, 802.1x activity visibility, PoE consumption, email and msg. notification, Rest API. Required appliance/hardware/server should be part of solution in HA.	
32	Solution should provide capability to network admin to view control & Data plane traffic live on the admin's system using ssh and wireshark for in-depth troubleshooting.	
33	Device should support python and bash script that can run on the device based on an event to take actions dynamically.

Note:

IMPORTANTNOTE:

1. UNIVERSITYOFJAMMUreservestherighttoexaminethedetailsfurnishedbythe Bidder(s). The Financial Bids of only those Bidder(s), who qualify minimum eligibility criteria and fulfilling terms and conditions specified in technical bid will be opened.
2. It is hereby clarified that any representation, clarification, objection, or communication sought by the bidder in relation to this tender shall be entertained exclusively through the GeM portal only.
3. The prospective bidders are required to submit the bids as per the technical evaluation criteria with proper page numbers of documentary evidences attached.
4. Queries received through email or any other medium shall be treated as invalid and shall not be considered for evaluation or decision-making purposes.
5. Bidders are advised to regularly monitor the GeM portal for updates, corrigenda, and clarifications.
6. Bidders to ensure that the detailed technical specifications mentioned on Annexure A in this tender are compiled (Compliance certificate to be enclosed)
7. Proposed solution should support 24x7x365 OEM TAC support and advance Next Business Day Hardware replacement. Software components must have end to end OEM Support for 5 years with service assurance. All software must be supplied with free upgrades for 5 years.

General Terms and Conditions (GTC)

1. Compliance with Tender Instructions

- 1.1 The bidder must comply with all instructions, specifications, and requirements mentioned in this tender document.
- 1.2 Any deviation from the specifications or conditional bids shall lead to outright rejection.

2. Bid Submission

2.1 Bids shall be submitted online through the GEM portal within the stipulated date and time. 2.2 Both Technical and Financial bids must be submitted separately as per the instructions.

2.3 Submission of multiple bids by the same bidder will result in disqualification.

3. Tender Validity

3.1 The bid shall remain valid for a minimum period of 120 days from the last date of bid submission.

3.2 The University reserves the right to request an extension of the validity period.

4. Bid Security / Earnest Money Deposit (EMD)

4.1 The bidder shall submit EMD of the specified amount in favor of Registrar, University of Jammu, payable at Jammu.

4.2 EMD of unsuccessful bidders shall be refunded after the tender evaluation process.

5. Performance Guarantee / Security Deposit

5.1 The selected bidder shall submit a Performance Guarantee / Security Deposit as per University norms before commencement of work.

5.2 The guarantee shall be valid for the entire duration of the warranty period of active and passive components and shall remain with university for the duration of the project.

6. Bidder's Obligations Beyond Supply:

Considering the time and budget constraints, this tender at this stage is limited to the supply of items only. Installation and commissioning activities are not included in the scope of this tender.

- a) The University is planning to float a separate tender for the supply, installation, and commissioning of passive infrastructure and other active components that are not covered under this tender.
- b) However, the selected bidder/OEM under this tender shall extend full technical support and cooperation during the installation and commissioning of the items supplied under this tender, whenever required by the University. This support shall be provided in coordination with the bidder selected through the separate tender for installation and commissioning or otherwise.
- c) It shall be the sole responsibility of the selected bidder/OEM to ensure smooth, successful, and issue-free installation and commissioning of all items supplied under this tender, as and when desired by the University, including interoperability with other procured equipment.
- d) No additional cost shall be charged to the University for such coordination and support during installation and commissioning.

7. Prices and Payment Terms

- 7.1 Prices quoted shall be inclusive of all taxes, duties, levies, and transportation charges.
- 7.2 No advance payment shall be made without bank guarantee.
- 7.3 100 % payment shall be released by the University after the supply of all the items mentioned in the BOQ

8. Delivery

- 8.1 The bidder should complete supply as per the requirement within 1 month.
- 8.2 Delays due to reasons attributable to the bidder shall attract liquidated damages.
- 8.3 The University may inspect and verify quality and conformity of materials before installation.
- 8.4 The University of Jammu does not bind itself to offer any explanation to those bidders whose technical bids have not been found acceptable by the Technical Evaluation Committee of the Institute.

1.  2.  3.  4.  5.  6.  7.  8.  9.  10.  11.  12.  13.

9. Standards and Compliance

9.1 OEM installation practices and best practices must be strictly followed.

10. Confidentiality

10.1 All technical, commercial, and operational information shared during the project must be kept confidential.

10.2 The bidder shall not disclose any details to third parties without written permission from the University.

11. Termination of Contract

11.1 The University reserves the right to terminate the contract in case of: - Non-performance or delay in completion - Breach of tender terms and conditions - Insolvency or misrepresentation by the bidder

11.2 In such cases, the performance guarantee may be forfeited.

12. Force Majeure

12.1 Neither party shall be liable for delays or non-performance due to events beyond control, such as natural disasters, civil unrest, pandemics, or government directives.

12.2 The affected party shall notify the other party in writing within 7 days of such an event.

13. Dispute Resolution

13.1 Any dispute arising out of or in connection with this tender shall be resolved amicably between the parties.

13.2 Failing amicable resolution, disputes shall be referred to Arbitration under the provisions of the Indian Arbitration and Conciliation Act.

13.3 The jurisdiction of courts shall be Jammu & Kashmir.

THIS AGREEMENT made the _____ day of _____ 20_____

BETWEEN

The **Jammu University** having its registered office at _____ which expression shall unless repugnant to the context or meaning thereof mean and be deemed to include its authorized agents, representatives and permitted assigns of the First Part.

AND

<Name of the Successful Bidder / Vendor> (hereinafter referred to as the "Contractor") which expression shall unless repugnant to the context or meaning thereof mean and be deemed to include their successors and permitted assigns having its corporate office at <Office / communication address of the Bidder / Vendor> of the Second Part.

WHEREAS the contractor has tendered for providing services to Jammu University as per the terms and conditions mentioned in the <Provide Reference to the Annexure of the TENDER containing the contract> of the Request for Proposal (from herein after referred to as "TENDER") and the all subsequent corrigendum's published document, at a value as per the Commercial Bid submitted in response to the TENDER.

Whereas such tender has been accepted and the contractor has deposited / provided Bank Guarantee to Jammu University for the sum of **Rs. <Amount> /-** (Rupees <Amount> only) as security for the fulfilment of this Agreement.

NOW IT IS HEREBY AGREED between the parties hereto as follows:

The contractor has accepted the contract on the terms and conditions set out in the tender notice No: <Tender Document Number> dated <Date> as well all response to queries via email dated <dates of all Communication> and corrigendum issued on <dates of all corrigendum> which shall hold good during period of this agreement.

Refund of deposit shall be based on the timelines, terms and conditions as has been specified in the TENDER and shall form a part of the contract. In absence of any timeline specified the deposit shall after the expiration of 24 months from the date of efflux of the contract, be returned to the contractor but without interest and after deducting there

from any sum due by the contractor to Jammu University under the terms and conditions of this agreement.

This agreement shall remain in force until the expiry of <period of Contract> months from the date of entering into the contract or the end of <any time period of the validity of the contract as specified in the TENDER>, whichever is later, but Jammu University may cancel the contract at any time upon giving one month's notice in writing without compensating the contractor.

In witness whereof the said Contractor hath set his hand hereto and the Jammu University has affixed his hand and seal thereto the day and year first above written.

All terms and conditions as specified in the TENDER, clarifications issued and corrigendum issued in regards to the Ref. No.: <Tender document Number> as has been mentioned above in the document shall stand in force unless has been expressly agreed to in writing by both the parties.

The Contractor shall be responsible to abide and shall be liable to deliver at bear minimum to the requirements/deliverables as has been specified to in the TENDER, clarifications issued and corrigendum issued in regards to the Ref. No. : <Tender document Number> as has been mentioned above and any higher deliverables as has been committed to by the Contractor in the Proposal or any subsequent document submitted to & accepted by Jammu University as part of award of the Contract.

The following documents shall be deemed to form and be read and construed as part of this

Agreement viz:

(a) <Reference to be drawn to all relevant documents such as TENDER, Clarifications, Corrigendum, Technical Bid, Letters from Contractor accepting abidance by TENDER>

IN WITNESS whereof the parties hereto have signed this on the _____ day, _____ month and _____ year first herein above written.

ANNEXURE - IV

UNDERTAKING REGARDING BIDDER'S OBLIGATIONS BEYOND SUPPLY

Tender No.: _____ **Dated:** _____

(On Company / Firm's Letterhead)

I/We hereby confirm and declare that I/We, M/s _____, have carefully read, understood, and unconditionally accept the obligations relating to items supplied under the above-mentioned tender, as detailed below:

1. I/We acknowledge that the scope of the present tender is limited to supply of items only, and that installation and commissioning activities are not included under this tender.
2. I/We acknowledge that the University may float a separate tender for supply, installation, and commissioning of passive infrastructure and other active components not covered under this tender.
3. I/We undertake to provide full technical support and cooperation, as and when required by the University, during the installation and commissioning of the items supplied under this tender.
4. I/We agree to extend such technical support in coordination with the bidder or agency appointed by the University for installation and commissioning or any other agency authorized by the University.
5. I/We accept that it shall be our sole responsibility to ensure smooth, successful, and issue-free installation and commissioning of all items supplied under this tender, including ensuring interoperability with other procured equipment.
6. I/We further undertake that no additional cost, fee, or charge of any nature whatsoever shall be claimed from the University for providing the above technical support, coordination, or assistance.

I/We understand that this undertaking shall form an integral and binding part of the tender and the resulting contract, and any violation of the above may lead to appropriate action as deemed fit by the University.
